FROM THE DESK OF ALVIN FRANKLIN

Cougar Pride Community,

Thank you so much for your continued support of our student-athletes. Our number one goal is to provide our student-athletes with a holistic experience where they have the resources needed to be successful on and off the field/court.

The future is bright for Houston Athletics because of the buy in from you all as supporters. We have made numerous changes to the Cougar Pride model over the last couple of years and each one of the changes have been embraced with the understanding that we must continue to evolve to maximize growth opportunities. As we look head to the upcoming year, our primary focus is on three things: Enhancing Customer Service, Revenue Generation and Resource Acquisition, and Competitive Excellence.

Enhancing Customer Service: Every Cougar Pride member has a Cougar Athletic Representative that serves as the point of contact for that individual/company. One of the keys to our continued growth is having a mechanism in place where donors feel connected and have a direct relationship with a member of our staff that can enhance the donor experience, provide personalized support, and assist with ticket access and allocations.

Revenue Generation and Resource Acquisition: We are approaching the one-year anniversary of the Nantz Leadership Society, which is the official major gift society for Houston Athletics. It has been a huge success with over 300 members, and we have a goal of having 750 members by the end of FY28. We have seen almost 100% growth in corporate sponsorships since joining the Big 12, with our best sponsorship revenue year in history in FY26. We must continue to be bold and aggressive with aligning corporate brands to our athletics department. Football season ticket sales are essential to positioning us for sustained financial stability going forward and we need to be at 17,500 season tickets sold going into the 2028 season.

Competitive Excellence: College Athletics has continued to evolve over the last five years particularly around the rules and regulations of NIL. We must continue to execute third-party NIL deals for our student-athletes as we look to recruit and retain the best student-athletes to the University of Houston. Additionally, we must continue to fundraise internally at a high level to participate in Revenue Sharing at the maximum cap allotted amount.

When you invest in Houston Athletics, you are part of championship moments, unforgettable experiences, and the development of young people who will lead this community for generations to come. We must continue to strive to take Houston Athletics to national prominence and that requires your investment and engagement.

Cougar Nation, our time is now! Go Coogs!

Alvin Franklin

Executive Senior Associate AD/Chief Revenue Officer

REVENUE SHARING

What is Revenue Sharing?

Universities are permitted to directly share their revenues with student-athletes in addition to the benefits that already accompany scholarships. Revenue Sharing is associated with the grant of certain NIL rights to the school and does not create an employment relationship between the school and its student-athletes.

Schools were permitted to directly share as much as \$20.5 million in Year 1, 2025 – 2026 academic year, with their student-athletes in a capped system beginning July 1, 2025. The cap will continue to rise year over year. The revenue stream buckets that schools will pull from to reach the cap are NCAA and Conference distributions, corporate sponsorships, licensing, merchandising, ticket sales, and other ancillary revenues (concessions, parking, etc.).

No school is required to share revenue with student-athletes, and schools can choose to opt out of the settlement. **Houston Athletics has opted in and fully participates in Revenue Sharing!**

Cougar Pride members can make an impact to ensure that we are able to compete at the highest level by supporting the AD Excellence Fund. The AD Excellence Fund addresses strategic opportunities and initiatives across the athletics department and provides the Vice President of Athletics with philanthropic dollars to assist in the areas of greatest need.
